

LIGHT OPERA IN THE CLASSROOM

Sparkling City Light Opera, Corpus Christi's premier light opera company, will introduce children to the world of opera through an array of engaging, age-appropriate works. With **curricular connections** to social studies, literature, music, theater, dance, visual arts and foreign language, opera provides a unique and lively way to engage and educate students and teachers both inside and outside the classroom. Receive a sneak preview of the performance as well as an opportunity for students to meet and collaborate with a featured professional artist from the company in their very own classroom.

How you can bring Light Opera to your very own classroom:

If your school purchases 75 or more tickets to the show, Sparkling City Light Opera will send a featured artist from the cast to share a sneak preview with your school and work directly with your students. Check out our website for more information and a **classroom study guide**. Help your children prepare for their excursion to the opera.

Why Opera?

Statistics show that students involved in fine arts programs:

- 🎵 Score higher on verbal and math portions of tests
- 🎵 Have improved cognitive and language skills
- 🎵 Increase their potential for self-discovery
- 🎵 Increase their socialization and problem-solving skills
- 🎵 Have a better understanding of their world
- 🎵 Stay in school longer

The Magic Flute

by Mozart

See one of the most magical and popular operas of all time come to life. This fairy tale blended with Mozart's finest melodies is sure to appeal to children and adults.
